

The Dove Teachings is an innovative web-based ministry with the vision of challenging Christians and Seekers to find peace in their daily lives through the teachings of Jesus. The Dove Teachings will produce a series of 30-minute episodes to be displayed on the Dove Teachings website, YouTube, Facebook and other video distribution platforms. The Dove Teachings episodes will alternate between The Dove Teachings Message and The Dove Teachings Experience.

The Dove Teachings Message:

The Dove Teachings Message is a 30-minute show highlighting a Dove peace message delivered by pastors through out the country. Show host Dr. Avery Stafford will introduce a previously recorded pastor's message and then present the viewer with a couple of take-aways to ponder on.

The Dove Teachings Experience:

The Dove Teachings Experience is 30-minutes of showcasing special guests and commentary delivered by co-hosts Scott Dixon and Hassan Valiki. The show format will include an opening monologue, viewers questions, musical performance, pastor's corner and a dove connection segment. The pastor's corner invites pastors to engage in a deeper discussion from the previous weeks Dove Teachings Message and the dove connection interviews special guests with a personal testimony and Christian organization.

The Dove Teachings Ministry:

Pew Research Centers reports a declining trend of traditional church attendance due to a growing generation becoming more dependent on the internet to meet their daily needs. Covid heightened this trend by forcing churches to close their doors and relied on the internet to provide the Sunday church experience. A lack of personal Christian relationships and accountability connections can leave congregates in a vulnerable state of mind. Research shows a heavy reliance on social media for daily human interactions can result in a rise sense of isolation, depression, addiction, and other unhealthy life style choices.

The Dove Teachings' intention is to capture the growing internet audience by creating a platform which address their personal needs through Christian programs and resources provided by established community churches. The Dove Teachings is not a replacement for the traditional church but instead its purpose is to be used as an effective tool to meet people where they are and lead them to where Christ desires them to be at their local community church. The Dove Teachings is actively recruiting volunteers to assist with daily prayer needs, community outreach and pastoral support services to be performed by our local ministry church partners.
